

The Corner Store Wish List

The Corner Store is a safety net program that provides beneficial tangible support for Corner patients. Patients earn points each time they visit the Corner Health Center. They may redeem their points for merchandise in the Corner Store. Located in the basement of the clinic building, the Store is stocked with a variety of personal care items, household goods, and infant care products.

Donations of new items for the Corner Store and Food Pantry may be dropped off at the Corner Health Center, 47 N. Huron St. Ypsilanti, MI 48197, Monday through Friday between 9:00 a.m. and 5:00 p.m.

Also, check out our [Amazon Wish list](#). You can order online and have it delivered directly to the Corner. Please include your name and address in the special instructions box!
