This June we celebrate Pride month!

Pride Month is a month-long call for greater unity, visibility, and equality for the LGBTQ+ community. Pride month is also a time to celebrate the identities and experiences of the LGBTQ+ community. This celebration takes place in June to honor the anniversary of the Stonewall Uprising when primarily LGBTQ+ people of color confronted the police after years of brutalization and targeting of LGBTQ+ people by the police force. This was one of the first large uprisings where the violence against LGBTQ+ folk was protested and therefore became the start of pride parades and pride month.

The Corner Health Center continues to work to provide identity-affirming healthcare to LGBTQ+ members of our community. Corner will continue to be a safe, accepting, and compassionate space for our LGBTQ+ community members through pride and beyond!

National Call Your Doctor Day

June 14th was National Call Your Doctor Day! The Corner Health Center wants to remind you how important it is to head to the doctor each year to get a physical check-up! Corner has wonderful doctors and nurses who will make sure that you are healthy and heard!

Honoring Juneteenth

Juneteenth (June 19) marks the day in 1865 when the last group of enslaved people in Galveston, Texas, finally learned that they were free from the institution of slavery - 2.5 years after the Emancipation Proclamation was passed. Juneteenth is now commemorated as a national holiday for healing and joy across the country!

How to Support LGBTQ+ loved ones

- Respect, affirm, and acknowledge the identities of your LGBTQ+ loved ones
- Educate yourself on terminology and challenges facing the LGBTQ+ community
- Don't "out" them without their permission
- Check in with people regarding their pronouns/identifiers & make sure you're using the right pronouns
- Support LGBTQ+ businesses or donate to LGBTQ+ organizations

Schedule your Appointment

We are open and serving patients with scheduled appointments only. If you are a patient with a scheduled appointment:

Same day or urgent appointments can be arranged for established patients

Do I need a COVID-19 Booster?

Yes! The effectiveness of the COVID-19 vaccination decreases over time so a "booster" shot will help the vaccine to continue to work. It is also important with the new emergence of variants to keep fighting COVID off with your booster shot.

Washtenaw COVID Update

69.3% of Washtenaw County residents have received their first dose of the COVID-19 vaccine
