March is...

National Women's History Month

Women's History Month is a month to reflect and celebrate the sometimes-overlooked contributions that women have made to our nation. While it's important to highlight and celebrate women every day, March is a time to reflect on the contributions women have made to better the world, not only for other women, but for everyone. This is also a great time to celebrate the women in your life that have made a difference: mom, grandmother, aunt, sister, teacher, etc.

What can we do to support National Women's History Month?

- Support a locally owned woman business
 - [Here](#) is a list of women-owned businesses in Washtenaw County
- Write thank-you notes to the women in your life
- Watch a film on a woman of influence
- Read a book by a female author
- Support a women's nonprofit organization

Did You Know?

Women's History Month started as a week-long celebration in March 1982 before becoming a month-long celebration in 1987?

March is...

Gender Equality Month

Gender Equality month celebrates the social, political, cultural, and academic achievements of women in the world and raises awareness against gender bias in society. With this continuous dedication to educating people about the role women hold in society, we can continue to eliminate many more biases.

March 10th is National Women and Girls HIV/AIDS Awareness Day

National Women and Girls HIV/AIDS Awareness Day is a day to raise awareness about the impact of HIV on women and show support for women and girls with HIV
