

Serving youth since 1981

ANNUAL REPORT 2022

Dear Friends,

What does “change” mean to you? For some of us, it can read like a four-letter word! Yet, I believe the pandemic has invited us – especially those of us in healthcare – to embrace change so that we can be more effective and efficient in how we care for the folks around us. Here at the Corner, 2022 ended up being a year of big change!

In April, the Corner bid a fond farewell to its former executive director, Versell Smith, Jr., after 5 successful years in the role. Later that month, we welcomed Ellen Rabinowitz, who led the Corner on a six-month interim basis. Ellen’s brief, steady tenure focused on staff engagement and culture-building, and she reinforced a wonderful foundation for the staff to keep growing and learning.

We did not slow down during the leadership transition. We secured new and expanded funding through partnerships that made it possible for us to see more patients and kick-off meaningful new work. Our partnership with the Washtenaw County Trial Court and Prosecutor, which we call SASS (Specialized Alternative to Sentencing Support), was one of only 3 programs from around the country to be selected by the U.S. Department of Justice for funding. Together with the courts and Sheriff’s department, we will divert young people from criminal records by focusing on their health and well-being and getting them connected to meaningful supportive services. This is just one example of the changes that happened in 2022 to help the Corner continue to be a comprehensive, integrated health care and wellness clinic for youth and young adults.

We also welcomed new and exciting leadership to the Corner. Our Board of Directors welcomed Alfreda Rooks (University of Michigan) and Charles Graham, Jr. (Eastern Michigan University), while also celebrating the leadership transition of former Board President and now-Immediate Past President KJ Miller (Dickinson Wright). The Board also honored us with their trust by electing Angela as President of the Board of Directors and appointing Alex as the Corner’s fifth Executive Director.

With all of this “good” change, we are excited for 2023 and beyond here at the Corner and in Ypsilanti. Regardless of all of these changes, remember this: one thing that will never change is our mission to inspire 12- to 25-year-olds (and their children) to achieve and sustain healthy lives by providing judgement-free, affordable health and wellness care and education. And we can’t do that without you!

With gratitude,

Angela Johnson, PhD
President, Board of Directors

Alex Plum, MPH, MBA, CHES
Executive Director

Diversity, Equity and Inclusion (DEI)

The Corner Health Center is committed to fostering, cultivating and preserving a culture of diversity, equity and inclusion.

Our human capital is the most valuable asset we have. The collective sum of the individual differences, life experiences, knowledge, inventiveness, innovation, self-expression, unique capabilities and talent that our employees invest in their work represents a significant part of not only our culture, but our reputation and company's achievement as well.

We embrace and encourage our employees' differences in age, disability, ethnicity, family or marital status, gender identity or expression, language, national origin, physical and mental ability, political affiliation, race, religion, sexual orientation, socioeconomic status, veteran status, and other characteristics that make our employees unique.

The Corner's diversity initiatives are applicable—but not limited—to our practices and policies on recruitment and selection; compensation and benefits; professional development and training; promotions; transfers; social and recreational programs; layoffs; terminations; and the ongoing development of a work environment built on the premise of gender and diversity equity that encourages and enforces:

- Respectful communication and cooperation between all employees.
- Trust, Transparency and Teamwork and employee participation, permitting the representation of all groups and employee perspectives.
- Work/life balance through flexible work schedules to accommodate employees' varying needs.
- Employer and employee contributions to the communities we serve to promote a greater understanding and respect for the diversity.

All employees of the Corner have a responsibility to treat others with dignity and respect at all times. All employees are expected to exhibit conduct that reflects inclusion during work, at work functions on or off the work site, and at all other company-sponsored and participative events. All employees are also required to attend and complete annual diversity awareness training to enhance their knowledge to fulfill this responsibility.

Any employee found to have exhibited any inappropriate conduct or behavior against others may be subject to disciplinary action.

Employees who believe they have been subjected to any kind of discrimination that conflicts with the company's diversity policy and initiatives should seek assistance from a supervisor or an HR representative.

Our Mission

The mission of the Corner Health Center is to inspire 12- to 25-year-olds (and their children) to live and sustain healthy lives by providing them with judgment-free, affordable health and wellness care and education.

Goals

To enable young people to:

- ▶ get exceptional health care
- ▶ understand the long-range implications of their behaviors & choices
- ▶ reduce risk-taking
- ▶ participate in & take responsibility for their own health & well-being

Board of Directors

From Our Patients

4.5 out of 5
overall satisfaction

It's an umbrella safe space for any medical issue or concern. The Corner works with almost everything and if they can't help you there, they will refer you to help as soon as possible.

The Corner is very accepting of all people and I feel very safe coming to doctors here. I don't feel like I am at risk of being medically discriminated against. The consistent use of my preferred name and pronouns makes the world of difference.

Always fast and thorough service. I feel welcomed and listened to.

How easy they make it to get healthcare. There are so many accessible resources that are really helpful.

I feel like I'm treated with respect and given access to resources that are hard to find elsewhere like financial accommodations, quality trans healthcare, etc.

100%

Would recommend the Corner to a friend & felt they were treated in a non-judgemental way

95%

Felt carefully listened to by medical providers

94%

State that telehealth is a good way to connect with their provider(s)

Highlights

Behavioral Health

- ▶ Celebrated the 1-year anniversary of the Trans & Non-binary Support Group in November.
- ▶ Awarded grant funding to pursue Eye Movement Desensitization & Reprocessing therapy training. BH will be increasing treatment equity in our community, by making EMDR available to clients who historically have been unable to access it.

- ▶ Increased BH productivity by approximately 23% over the previous year to ensure safe and effective stewardship of our resources to serve as many patients as possible.

Maternal Infant Health Program

- ▶ In 2022, our MIHP amassed over 400 visits for 98 patients. The department started home visits and began providing infant services, which expands the opportunity to support families from the beginning of pregnancy until the child turns 18 months.
- ▶ MIHP is extremely grateful to Blue Cross Blue Shield, St. Joseph Trinity Health, and special supporter Cynthia Nicely for providing grants and funding to support its expansion, train providers in lactation support and offer “Mom Power,” an attachment-based mental health intervention program.

Highlights

Clinic

- Dr. Pat Wells recognized Chris Johnson, M.A., a Corner staff member who saw an infant for a wellness check, and observed that the baby was in respiratory distress. The medical staff worked together, and within 20 minutes the baby was on the way to the hospital. A special thank you to Chris for the quick response and careful observation that saved this baby's life.
- Through The Carls Foundation, the clinic purchased a new state of the art ultrasound machine to be used with our prenatal care patients.
- Expanded the services provided via our gender affirming care program by hiring a nurse care coordinator.

Outreach

- Produced "Mind Over Matter," a mental health workbook in partnership with community members.
- Increased the Youth Leadership Council & Theatre Troupe to 16 members and expanded opportunities, hosting workshops & performing in Lansing, Detroit, Eastern Michigan University, Ypsilanti's Juneteenth festival & more!
- Completion & growth of the Healthy Youth Healthy Futures Summer Program, helping youth learn key nutrition & cooking skills.

Community Impact

Who We Served

2,231

patients served and their children for

12,323

encounters

Patient Age

Patients served identified as...

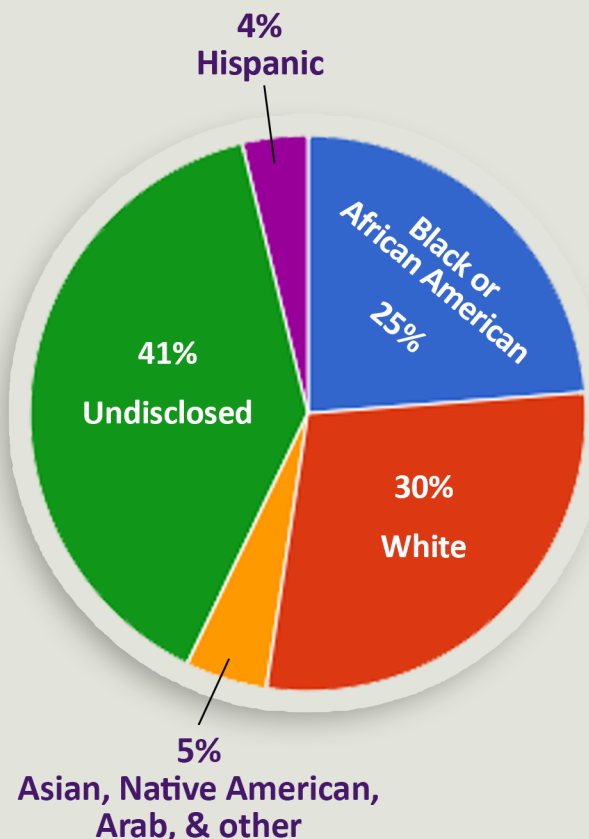

63% Women

37% Men

4% Non-binary

Additionally, 22% of our patients identified as transgender

Community Impact

Administered **2,044** immunizations, including **553 COVID-19 vaccines** and **449 Flu vaccines.**

Services Provided

Of all the patients who came to the Corner for care:

736

(33%)
came for
mental and behavioral
health care

490

(22%)
came for
Gender-Affirming
care

434 pregnancy tests (**41** positive)

86 patients made
571 Obstetrics care visits

680 well-child checks & physicals performed

748 care management visits

768 patients made **1,730** visits for sexual and reproductive health

Administered **1,492 HIV tests** and nearly **2,000 STI tests**

Spotlight

One of the few food pantries in Ypsilanti, the **Corner Health Center's Corner Store** helped feed

1,221

of our valued community members and their families. Thank you to our wonderful volunteers who make it all possible!

In collaboration with the Community Violence Intervention Team and Washtenaw County My Brother's Keeper, the Corner was honored to be asked to host an unveiling of a mural recognizing Washtenaw County citizens who were lost to gun violence. The mural was designed by a Washtenaw County high school student.

The mural can be seen today on the Corner's south side of the building, facing West Michigan Avenue.
