

Expanding Self-Scheduling for More Types of Visits!

Who can self-schedule these appointments?

Established, current Corner patients.

How do I schedule these types of appointments?

Go to bit.ly/CornerHealth
or scan the QR code.

What types of visits can be scheduled?

Adult Annual Wellness Visit

- *"I would like to schedule an Adult Annual Wellness Visit - a once per year visit for health maintenance check-up."*
- *You may need vaccine update, routine labs, health screenings based on age.*
- *We will review your history and update your care plan.*
- *If you are due for pap smear, use this visit type. A pap smear is usually every 3 years starting at 21yo, call 734-484-3600 to find out when your last pap was*

Problem

- *"I would like to see my provider regarding some other issue or concern, like: stomach ache, rash, back pain, and problems that have begun to bother me in the past 3 months."*
- *For illness like sore throat, fever, or cough call 734-484-3600 to schedule a Sick Visit. Do not book a Sick Visit online.*

Testing

- *"I would like to schedule a testing visit for STI (Sexually Transmitted Infections), pregnancy test, testing for UTI (Urinary Tract Infection), or other type of testing."*

**You can still call
734.484.3600
to schedule any
type of visit**
