The mission of the Corner Health Center is to inspire 12-25-year-olds (and their children) to achieve and sustain healthy lives by providing judgement-free, affordable health and wellness care and education.

We offer physical health, behavioral health services, health education and youth development programs designed for teens, young adults and their children.

For more information, visit www.cornerhealth.org or call 734-484-3600 for an appointment.
The best way to stay safe is to Stay Sober! Not only will your mind be sharp, but sobriety benefits your mental & physical health.

If you’re drinking pour your own drink, this way you can keep track of what you’re drinking. Don’t accept an already opened drink.

Always remember there is help. If you think you are intoxicated, poisoned or laced call 911. Remember to sit up, stay awake and drink water.

If you do want to smoke or take edibles, go to a dispensary. This prevents any lacing of drugs or uncertainty of what it is.

Don’t mix your substances. If you’ve been drinking, don’t smoke. If you’re smoking, don’t drink. This can prevent any unpredictable and/or fatal reactions.

Do you, or someone you know, need support? SMART Recovery is an Addiction Recovery Program led by The Corner’s health educator.
